

## GOD AND EARTH

God and Earth is a study group that reflects on the story of creation and God "The Creator"! Judy Cannato in Radical Amazement explains "The discoveries made by science over the last century have changed how we tell the story of creation. These findings provide new images for reflection, new metaphors for understanding. As the new universe story seeps into our awareness, it challenges us to expand the way we think about and respond to the life around us. As clearly as the parables told by Jesus challenged his listeners to ask questions about who they were and what their relationships meant, so the new universe story challenges us." Our study enriches our growth in love of the earth.

We meet the first Friday of the month in the Elizabeth Seton Room at IHM from 10:00a.m. to 11:30a.m.
